We Are Ready to be a part of your supply chain to manufacture Personal Protective Equipment (PPE) And Other Vital Supplies.

ECM Performance Materials Corp. (ECM) has been declared an “Essential” business in the State of Ohio which has been operating under a Stay-at-home order issued by Ohio’s Governor Mike Dewine on Monday, March 23rd, 2020.

This Allows ECM to operate during this period of crisis. For over 40 years, We at ECM have stayed true to our mission to develop, manufacture, and market the finest elastomers, minerals, numerous petrochemical, thermoplastic polymers elastomer, and allied products for the global economy. At ECM, we do not make any final products, but we make the final products better.

We provide many of the raw materials needed in the production of Personal Protective Equipment (PPE). We have a variety of ways we can support your production.

1. Thermoplastic Elastomers (TPEs)
   - Respirators, other Oxygen & Breathing Apparatuses
   - Face Masks, Gloves, Outer Garments (suits) & Gowns Protective Head Coverings.

2. Industrial Desiccants Highest Level
   Our proprietary desiccants (Mor-Cal) extracts moisture from rubber, resin, and composite materials which end up in the final products of protective gear for both eyes and ears.

3. Wide Range of Oil (Varying Grades)
   For production universally utilized by virtually all manufacturers in a variety of applications.

4. Complex Dry Liquid Dispersions (DLDs)
   Our DLDs enhance our customer production capabilities for a wide range of industrial applications.

Our COVID-19 Compliance Policy
While we hope and pray that this worldwide crisis will pass as swiftly as possible, in the interim, we have taken extraordinary measures to insure that our employees remain safe and healthy by maintaining the prescribed social distancing and other key instructions by the medical experts. We are limiting access to our facility to only those individuals requiring access such as our employees as well as persons (e.g. truckers) delivering raw materials as well as those picking up finished products for our customers.
